

Welcome to the UK!

Study in the UK

What we'll cover today

- About the UK
- Before you leave home
- Travelling to the UK
- Arriving in the UK
- Living in the UK
- Studying in the UK
- Looking after yourself

About the UK

- **Official name** – The United Kingdom of Great Britain and Northern Ireland.
- **Four united nations** – England, Northern Ireland, Scotland and Wales.
- **Capital cities** – London, Edinburgh, Belfast and Cardiff.
- **Main language spoken** in the UK is English – in addition to Scots, Gaelic and Welsh.
- **UK's currency** – the pound (£ or £GBP)

A place where everyone is welcome

- The UK is a very tolerant country.
- All ways of life are respected.
- It's against the law to discriminate against anyone because of their race, nationality or religion.
- Deep commitment to supporting students' religious and cultural needs on campus.
- 20 per cent of academic staff in the UK are from overseas.
- You can connect with people from all over the world.

Study UK

Before you leave home

In this section, we'll cover:

- prepare to study and live online course
- the UK's immigration and visa process
- visas to study or undertake a work placement in the UK
- information from your UK university or institution
- a checklist of things to arrange before you arrive in the UK.

Prepare to live and study in the UK

- Online course is entirely free.
- Complete across four weeks or in your own time.
- Learn about UK higher education - teaching methods, course structures and assessment.
- Tips for studying in the English language.
- Practical information about living in the UK.
- Interact with other, like-minded individuals who are preparing for their UK education.
- Register at www.futurelearn.com/courses/prepare-to-study-uk

Study UK

The UK's visas and immigration process

- Remember that immigration rules are regularly updated.
- Always check the latest UK government information online.
- UK universities are required to provide information about you to the UK's Visas and Immigration service (for example, if you do not enrol as expected or if you defer or withdraw from your course).

Study UK

Visas for studying in the UK

- As an international student, it is most likely that you will apply for a student visa through the Student Route.
- Your student visa will allow you to live and study in the UK throughout your course.
- It costs **£363** to apply for this student visa outside of the UK.
- It will include the payment of the Immigration Health Surcharge, which costs around **£470** per year for a student.
- The earliest you can apply for your visa is six months before your course starts.
- Make sure you leave yourself plenty of time to apply.
- For more information on the student visa and your options, visit www.gov.uk/student-visa

Visas for studying in the UK

- As part of your visa application, you will need to prove your identity.
- To do this, make an appointment at a visa application centre in your home country.
- Here, your fingerprints and photograph will be taken for your UK Biometric Residence Permit (which you will collect within ten days of your arrival in the UK).

You will need to take the following documents to your appointment:

- a Confirmation of Acceptance for Studies (CAS) reference number – provided by your UK university or institution
- evidence that you can pay for your course and living costs in the UK (such as a bank account statement)
- original certificates, showing your educational qualifications.
- You will usually get a decision on your visa within three weeks.

Visas for studying in the UK

Our website <https://study-uk.britishcouncil.org/moving-uk/student-visas> offers guidance and information on:

- a step-by-step visa application process
- working while you study
- other types of visas

If you want to bring any family members with you to the UK, please note dependants must apply for their own visas. Detailed advice is available at www.gov.uk/student-visa/family-members

Study UK

Information from your UK university

Make sure that you meet any deadlines set by your university or institution.

Make sure that you have a copy of your offer letter (known as a Confirmation of Acceptance for Studies, or CAS) as well as contact details for your university.

Your university will have sent you information about your time in the UK. It may include advice about:

- academic matters
- language and cultural preparation
- arrival in the UK
- managing your money
- health and wellbeing
- help with disabilities and accessibility.

Make sure that you read all of this information very carefully.

A checklist of things to arrange

Before you leave your home country, there are a few key things that you should arrange. They include:

- your visa and passport
- details relating to your Biometric Residence Permit (BRP) which you will collect once you arrive into the UK
- your flight to the UK
- accommodation
- travel insurance
- medical insurance (if you are to be in the UK for less than six months) and if necessary, a tuberculosis report
- making sure you have your offer letter (known as a Confirmation for Studies or CAS)
- making sure you have a contact telephone number and email for your university or institution.

Some universities and institutions offer a pick-up service from UK airports which you may be able to arrange before you travel. If not, investigate your travel options (such as by train or taxi) for once you arrive.

Study UK

Travelling to the UK

In this section, we'll cover:

- what to pack in your main luggage
- what to pack in your carry-on luggage
- what NOT to pack in your luggage

What to pack in your main luggage

Ensure you have suitable clothing for the season you will arrive.

- **Autumn** (September to November).
- **Winter** (December to February) average temperature 2–7°C but at the coldest can be just below 0°C.
- **Spring** (March to May).
- **Summer** (June to August) average temperature 9–18°C but at the hottest can be up to 30°C.

You may also want to take a few sets of formal or traditional wear.

If you take medication, make sure you have enough to take with you. You will be able to arrange a new prescription once you have registered with a doctor in the UK.

Study UK

What to pack in your carry-on luggage

- A valid passport and visa.
- Your travel ticket and departure details.
- The offer letter from your university/institution (known as a Confirmation of Acceptance for Studies, or CAS).
- Confirmation of your accommodation (for at least your first night in the UK).
- Confirmation of your medical insurance (and if necessary, a tuberculosis report).
- Copies of your bank drafts/information about your bank accounts.
- Contact details for your university/institution.
- Information about your airport/train station pick up (if required).
- UK money to cover your immediate needs (otherwise, you will be able to withdraw this at the airport/train station once you arrive in the UK).

It is always a good idea to save digital copies of any important documents to your email or cloud storage.

What not to pack in your luggage

Make sure that you **do not pack** any of the following items in your main or hand luggage:

- banned and restricted items: drugs, weapons, indecent and obscene materials, pepper spray and counterfeit goods
- restricted foods: all meat and meat products, all milk and dairy products, potatoes, fruit and vegetables, egg products, fish and fishery products.

For more information, please visit <https://www.gov.uk/bringing-goods-into-uk-personal-use/banned-and-restricted-goods>

When you arrive in the UK

In this section, we'll cover:

- entering the UK
- getting to your place of study
- registering your stay
- settling in and adjusting to UK life
- travel and accessible transport.

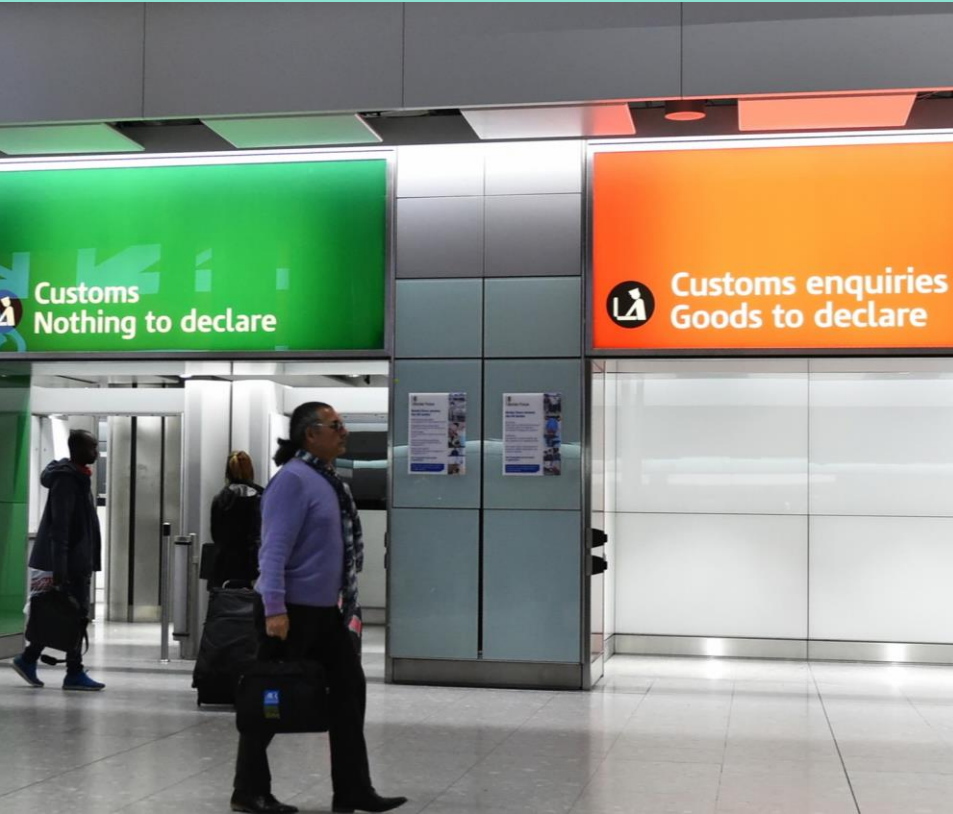

Entering the UK

- Always check the latest travel advice before you travel.
- Universities will support you as you travel to the UK and throughout your time here.

Study UK

Arriving in the UK

Follow 'Arrivals' signs to Immigration or Passport Control.

- After passing Immigration or Passport Control, move onwards to baggage reclaim to collect your luggage.
- Move on to Customs Control, and exit using the correct lane. They are:

Green - If you are travelling with no banned or restricted goods.

Red - If you have goods to declare, or you are not sure what you should declare.

Getting to your place of study or work

- Keep your university informed of your travel plans.
- Keep contact details for your institution or university in your hand luggage.
- Check if your institution offers a pick-up service from the airport/train station in advance.
- Tickets for travel (and most taxi services) will accept payment by credit or debit card. You can also use UK money that you have brought, or withdraw cash from any ATM.

Registering your stay

- Collect your [Biometric Residence Permit \(BRP\)](#) within ten days of your arrival.
- Register with your place of study – your university will advise you on how to do this.

Living in the UK

In this section, we'll cover:

- accommodation
- money and managing your finances
- UK culture
- food and drink.

Settling in and adjusting to UK life

- The UK is a friendly country.
- Many people will help you adjust to our way of life.
- Staff at your university will be a good first contact, and will offer you help and advice whenever you need it.
- Be prepared for the food, the way our transport works and British weather.

Study UK

Travel and accessible transport

- Travel and transport options in the UK vary by location.
- Good road and rail networks, bus and taxi services, as well as many internal flights between UK airports.
- It is recommended you wear a face covering on public transport in the UK.
- For more information: <https://study-uk.britishcouncil.org/why-study/about-uk/travel-transport>
- The UK's transport system is designed to be accessible to all. For more information: <https://study-uk.britishcouncil.org/moving-uk/support-while-study/disability>

-

Managing your finances

- Open a UK bank account when you arrive in the UK.
- For further information, visit <https://ukcisa.org.uk/Information--Advice/Studying--living-in-the-UK/Opening-a-bank-account>
- Don't bring large amounts of cash with you.
- Card and contactless payments are very common in the UK.
- Your living costs will vary according to your type of accommodation, how much you travel and where in the UK you study.
- It's important that you have a realistic idea of what your living costs will be, before you arrive in the UK.

Managing your finances

- The cost of living varies, according to where in the UK you decide to study.
- You should expect to budget from between £800 and £1,300 a month to cover your rent, bills, entertainment and other living costs.
- Your university will be able to advise you on more detailed local costs of living and where to shop locally.
- You can find more information about rent, fees and other living costs at <https://study-uk.britishcouncil.org/moving-uk/cost-studying>

Student discounts

- The National Union of Students (NUS) card and the International Student Identity Card offer great student discounts in many shops, restaurants and businesses.
- You can find out more about these cards at <https://www.totum.com/campaigns/nus-extra-is-totum> and www.isic.org/get-your-card
- Register for a Railcard to get discounted travel in the UK at www.railcard.co.uk

Study UK

Culture and leisure

On campus

- There are many clubs and societies that you can join.
- Many UK universities have on-campus sports facilities as well as clubs and teams to join.
- Students' unions organise all kinds of social functions.
- Some UK universities have their own cinemas on campus, offering you the chance to watch the best films at discounted prices.

Culture and leisure

Off campus

- **Arts and culture:** The UK is packed with museums, theatres and other cultural attractions just waiting to be discovered.
- **Music:** Some of the world's largest music venues and events are in the UK - the O2 Arena in London and the world-famous Glastonbury Festival. Many world-renowned artists and bands also play at UK universities and colleges, and small bars and cafés often host live music and dancing.
- **Cinema:** Almost every town and city will have a cinema with films from around the world. Hollywood releases will be easy to find, but major cities also have cinemas specialising in foreign and independent films.
- **Sport:** We're fanatical about every kind of sport here, and many of our athletes and clubs lead the world.

Study UK

Food and drink

You can find all kinds of international food and cuisines in the UK, with a large array of different restaurants, takeaways and food halls.

- Supermarkets and specialist food shops stock a range of international foods (including kosher and halal).
- All pubs, bars and restaurants offer a wide range of non-alcoholic drinks. To drink alcohol in the UK, you must be over the age of 18.
- Lots of local food supermarkets offer online delivery services, you can search online for **Asda, Iceland, Morrisons, Ocado, Tesco, Waitrose or Sainsbury's**.
- You can order food online from local take-away restaurants to be delivered to your accommodation, search for **Deliveroo, Just Eat, or Uber Eats**.
- You can also try a meal kit supplier who will supply the ingredients you need to cook meals you chose from a menu, e.g. **HelloFresh**.

You can drink the tap water in the UK.

Study UK

Studying in the UK

In this section we'll cover:

- career support
- after your studies

Career support while you study

- Huge variety of support on offer.
- Dedicated careers advisors.
- Job and careers fairs to help you connect with prospective employers.
- Many professors are industry leaders.
- Work placements, internships, and voluntary work on offer as part of your course.
- Use these services throughout your studies to set yourself up for the best possible next steps in your career.

Study UK

After your studies

After your studies, you may want to:

- go into further study
- return to your home country to work
- work elsewhere in the world
- stay and work in the UK.

If you want to remain in the UK to gain work experience, there are plenty of options available to you.

The **Graduate Route** welcomes international students to apply to stay in the UK and work, or look for work, for two or three years after graduating.

Other types of visas are also available, including the **Skilled Worker Route** and visas for specific types of employment, such as healthcare.

Learn more at <https://www.gov.uk/browse/visas-immigration/work-visas>

Study UK

Stay in the UK after you graduate

The Graduate Route allows you to apply to stay in the UK for two or three years after you finish your degree.

- Open to all international students who have successfully completed their degree from 1 July 2021 onwards.
- The route is unsponsored.
- Ability to switch to a skilled work visa once you have found a suitable job.
- Learn more: <https://study-uk.britishcouncil.org/after-your-studies/graduate-route>

Looking after yourself

In this section, we'll cover:

- help and advice
- the NHS
- your personal safety
- abiding by UK law.

Help and advice

There are many places to turn to for help in the UK.
Don't be afraid to reach out for support.

At your university:

- student welfare service or student health centre
- tutor, lecturer or academic supervisor
- international office
- accommodation office
- students' union

Other places to turn to for advice:

- **Student Minds**, the student mental health charity: <https://www.studentminds.org.uk/>
- **UKCISA** www.ukcisa.org.uk/Information--Advice
- **Samaritans** www.samaritans.org
- Your place of worship.

Study UK

The NHS

The UK's National Health Service (NHS) provides subsidised treatment and healthcare to international students.

As part of your visa application, you will pay an Immigration Health Surcharge.

This will allow you to access medical care offered at no upfront cost by the NHS, including:

- consulting a GP (general practitioner) on any physical or mental health issue
- accident and emergency services
- diagnosis of sexually transmitted diseases
- getting a Covid-19 vaccination.

The NHS

Other parts of the NHS are chargeable. These include:

- some medicines prescribed by a doctor
- eye tests and eye care
- dental care
- vaccinations (although some are free including the vaccine for Covid-19).

The NHS

You can register with a local doctor (known as a general practitioner, or GP) where you live, or on campus at your local student medical centre.

- To do this you will need your passport, student identification, proof of address and a photograph.

Your GP can refer you to a National Health Service dentist on request (or you can find information to do this online using the links below).

For general queries about your health, you can visit:

- www.nhs.uk (if you are staying in England)
- www.scot.nhs.uk (if in Scotland)
- www.wales.nhs.uk (if in Wales)
- www.hscni.net (in in Northern Ireland)

The Covid-19 vaccine

International students can access the Covid-19 vaccine in the UK.

Anybody in the UK is eligible for the Covid-19 vaccination for free, regardless of their nationality or immigration status.

You will need to:

- register with a GP (general practitioner)
- get an NHS number.

Study UK

Your personal safety

- The UK is a very safe country with low levels of crime and violence.
- Staff at your university will help you with any concerns.
- Community police officers or campus-based security staff can also give you practical and reassuring advice about personal safety.
- Make sure you attend the orientation course at your university for your briefing about keeping safe.

Refer to our 'Staying safe in the UK' guide for detailed information about keeping safe in the UK and following local laws.

Personal safety

- **In case of emergencies**, you can call 999 from any telephone (including mobile phones). The police, fire and ambulance services can all be contacted by calling this number.
- For **non-emergencies** you can call 101.
- For **medical non-emergencies** you can call NHS 111.

Abiding by UK law

- Follow local rules and national laws.
- The UK is proud to be a diverse country, and you should respect all people and cultures.
- Failure to follow laws could lead to a fine, or a cancellation of your visa.

Any questions?

We have given you a lot of information today but remember that you can always ask if you forget something or want some more advice.

This information is also available on our website at <https://study-uk.britishcouncil.org/>

The UK's visas and immigration process

- Remember that immigration rules are regularly updated.
- Always check the latest UK government information online.
- UK universities are required to provide information about you to the UK's Visas and Immigration service (for example, if you do not enrol as expected or if you defer or withdraw from your course).
